

**50 SHADES  
IS  
DOMESTIC  
ABUSE**

Fifty Shades of Grey tells us that...

Stalking  
Coercion  
Manipulation  
Threats  
Isolation  
Unwanted control

...are forms of LOVE. They are not.  
They are forms of ABUSE.

Fifty Shades of Grey misrepresents BDSM as a “flaw” caused by an abusive childhood, which needs to be “fixed.” It ignores the vital importance of informed consent given freely, without influence from manipulation or use of alcohol.
